A GUIDE TO THE STATISTICS:

Player statistics refer to league appearances during the 09/10 10/11 and 11/12 seasons only. Players who did not play during those seasons are marked with a '0/0'. Players who spent part or a full season outside of the Barclays Premier League during those seasons are marked with an '.

Where a player has appeared in a league where the season is played over a single calendar year, the statistics will refer to the player's involvement from January to December of the year given.

Player biography details refer to a player's country of birth and not necessarily the international team they represent.

All first team squad lists are the same as those published on the official club websites. Players loaned out from clubs have been omitted from the final squad lists unless specifically requested by the clubs.
